BALSAM FIR

5-yr. transplants 2 2-1 6-8 in.	40.00
--------------------------------------	-------

400,000 Trees By Contract

CONTRACT PLANTING

Terms: Net cash, no discounts.

Two hundred fifty trees of any one kind and size at the thousand rate. For less than 250 of one kind, ask for retail price list.

No extra charge for boxes or packing. All orders shipped by express unless otherwise specified.

FALL PLANTING

Fall planting is successful on a type of soil that does not heave with the action of the frost in the spring, and especially so if the trees are planted far enough in advance of the winter season so that the roots can get some anchorage before the winter starts.

In order that trees may get settled before the winter, we suggest that they be planted as soon after September first as is practical in your climate. If you are in doubt, place your order at once, and we will send the trees to you at the proper time.
